Awesome! Good to know that I can still remember a few things correctly! Thanks for sharing.

Hi kids! Yes, attached is the Word version of the triennial review priorities letter I sent to SD last year with the cyanotoxin recommendations on pages 2-3.

Great webinar by the way!

Thanks,
Holly

Holly,

I seem to recall that you encouraged ND (or SD) to consider adopting EPA's rec criteria for cyanotoxins as part of EPA's triennial review comment letter to those state(s). George and I were chatting about including some language in the triennial review letter to Utah. Any chance you have any language we can borrow and use?

Tina
